Geneva Police in the Metaverse

Metaverses

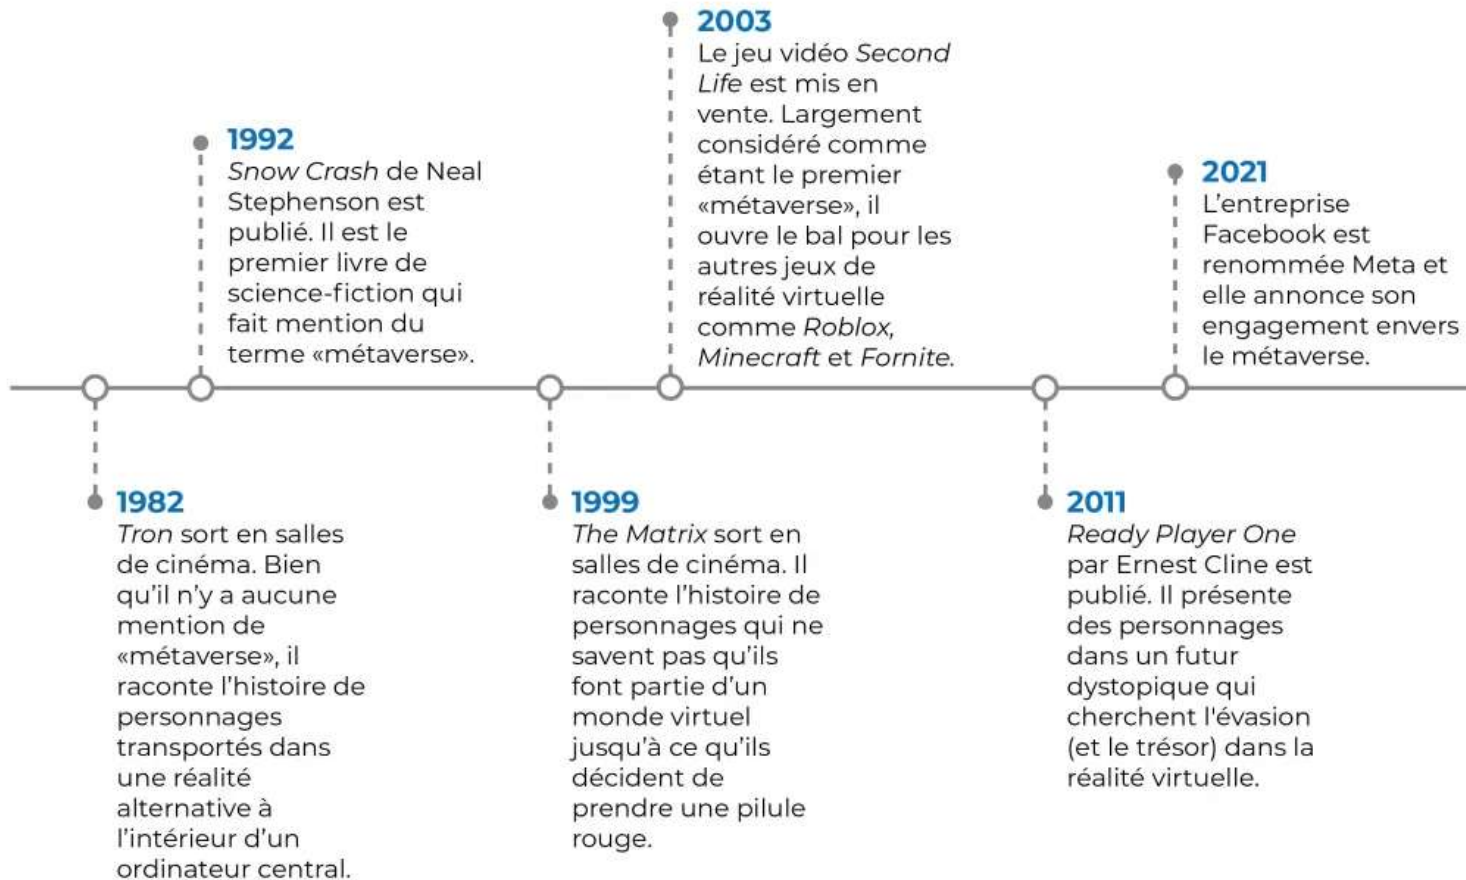

Arising Cyber Crime in Metaverses

- **25%** of people are expected to spend at least an hour a day in the metaverse by **2026** (WEF 2022)
- Children could be particularly vulnerable to crime, including theft of virtual assets or sexual and racial harassment.
- The nature of the metaverse means regulatory attention and a multi-stakeholder approach must be adopted now, as the technology rapidly advances.
 - ▶ Panic Button
 - ▶ Victim's feelings

Metaverse : Risks

1. Security

- a. Multiple Factor Authentication

2. Privacy

- a. Right to be informed
- b. Right of access
- c. Right to erasure
- d. Right to restrict processing
- e. Right to data portability
- f. Right to object
- g. Right to data correction
- h. And rights relation to automated decision-making and profiling.

3. Regulations/Compliance (lacking)

4. Intellectual Property

Metaverse : Opportunities

1. Companies (Brands)

- a. Virtual Economy
- b. Branding
- c. DeFi
- d. Communications

2. Investors

- a. New Income Streams
- b. Income Growth

Metaverse : Opportunities

1. Users

- a. Social Interactions
- b. Entertainment
- c. Gaming
- d. Exercise
- e. Commerce
- f. Immersive Learning
- g. Workplace
- h. Information

Metaverse : Police Opportunities

1. Training

- a. Initial Police Training
- b. Continuous Education
- c. Specific Training

2. Prevention

- a. Prevention operations in Metaverse
- b. Prevention operations outside the Metaverse

3. Forensics

- a. Operational capabilities for technical investigations in the Metaverse

Metaverse : Application Fields

1. Technologies

- a. Blockchain
- b. Cryptocurrencies
- c. Internet of Behaviour (IoB)
- d. Artificial Intelligence (IA)
- e. Quantum Computing

2. Operational Implementation

- a. “Metaverse” Center of Excellence (CoE)
 - a. Education
 - b. Tools
 - c. Professional Services
- b. International Network (INTERPOL – FRANCOPOL – EUROPOL, Etc.)

*"Metaverse isn't a thing a company builds.
It's the next chapter of the internet overall."*
